

Mission to Bhimavaram (Andhra Pradesh)—refrigeration systems

15th & 16th October 2018 | Bhimavaram (Andhra Pradesh)

During this Mission, IGES–TERI along with Japanese technology suppliers Mayekawa met with representatives of food processing industries. Mayekawa presented their latest refrigeration technologies such as ammonia-CO₂ refrigeration system, dehumidifier, heat pump and cold storage doors (thermo shutters), which evoked interest among the industry representatives. Other activities included walk-through surveys of a seafood exporting unit and a cold storage unit, during which discussions were held on the benefits of replacing the existing technologies with energy efficient technologies. The team also met with officials of the Marine Products Export Development Authority (MPEDA), and briefed them on the aims and outcomes of the visit.

Meeting with local industries

Visit to Universal Cold Storage

Visit to Kadar Exports plant

Meeting with MPEDA
