

MOEJ–MoEFCC Ministerial policy dialogue, Delhi, India

13th April 2018 | Delhi

JITMAP was introduced as a potential tool, among others, to promote Japan–India low carbon technology collaboration to combat climate change. This was during the Ministerial policy dialogue between the Ministry of Environment, Japan (MOEJ) and the Ministry of Environment, Forest and Climate Change (MoEFCC), India, held in Delhi on 13th April 2018, co-chaired by Mr C K Mishra, Secretary, MoEFCC and Mr Yasuo Takahashi, Hon'ble Vice-Minister for Global Environmental Affairs, MOEJ. The Policy Dialogue focused on joint collaboration on three fronts: Waste Management, Climate Change, and Air Pollution.
