

Mission to Rajkot, Ahmedabad, Bharuch (Gujarat) and Pune (Maharashtra)—identifying potential industries/clusters

09–15 June 2019| Gujarat, Maharashtra

During this Mission, IGES–TERI identified potential industries/clusters and related stakeholders/partners that could be targeted to conduct activities under an expected SATREPS project. The table shows a preliminary list of industrial clusters and stakeholders that was developed. Several industries expressed interest in energy efficient technologies as well as technologies that enhance their production efficiency. Others expressed the need to address the water scarcity issue through support for water treatment and effluent treatment.

Location	Potential clusters/industries	Potential stakeholders/partners
Rajkot, Gujarat	<ul style="list-style-type: none"> Engineering (such as auto components, forging, foundry, machine tools & spares, etc.) 	<ul style="list-style-type: none"> Gujarat Energy Development Agency (GEDA) Rajkot Engineering Association (REA) Rajkot Machine Tools Manufacturer's Association (RMTMA) Automobile Cluster Manufacturers Association (ACMA)
Ahmedabad, Gujarat	<ul style="list-style-type: none"> Textile Engineering (such as foundry, etc.) Chemical (including ceramic) 	<ul style="list-style-type: none"> GEDA Ahmedabad Textile Industry Research Association (ATIRA) Naroda Industrial Association (NIA) Ahmedabad Engineering Manufacturers' Association (AEMA) ACMA
Bharuch, Gujarat	Chemical	<ul style="list-style-type: none"> Ankleshwar Industries Association (AIA) Dahej Industries Association (DIA)
Pune, Maharashtra	<ul style="list-style-type: none"> Engineering (auto component, aluminum, forging) Food processing 	<ul style="list-style-type: none"> Maharashtra Energy Development Association (MEDA) Automobile Cluster Manufacturers Association (ACMA) Auto Cluster Development & Research Institute(ACDRI) Mahratta Chamber of Commerce, Industry, and Agriculture (MCCIA)

Meeting with REA, Rajkot
